Interactive Custom Transition with a Shared Element

Custom Transitions

1 Custom Transition

Custom Transitions

1 Custom Transition

- **You** provide the transition **animation**

Custom Transitions

1 Custom Transition

- **You** provide the transition **animation**
- **iOS** provides any available **interaction** (*interactive pop*)

Custom Transitions

2 Interactive Custom Transition

Custom Transitions

2 Interactive Custom Transition

- **You** provide the transition **animation**

Custom Transitions

2 Interactive Custom Transition

- **You** provide the transition **animation**
- **You** provide the transition **interaction**

Custom Transitions

2 Interactive Custom Transition

- **You** provide the transition **animation**
- **You** provide the transition **interaction**

The **interaction** drives the pacing of the **animation**:

Custom Transitions

2 Interactive Custom Transition

- **You** provide the transition **animation**
- **You** provide the transition **interaction**

The **interaction** drives the pacing of the **animation**:

- Speed up

Custom Transitions

2 Interactive Custom Transition

- **You** provide the transition **animation**
- **You** provide the transition **interaction**

The **interaction** drives the pacing of the **animation**:

- Speed up
- Slow down

Custom Transitions

2 Interactive Custom Transition

- **You** provide the transition **animation**
- **You** provide the transition **interaction**

The **interaction** drives the pacing of the **animation**:

- Speed up
- Slow down
- Reverse

Custom Transitions

3 Interactive Custom Transition with a Shared Element

Custom Transitions

3 Interactive Custom Transition with a Shared Element

- **You** provide the transition **animation**

Custom Transitions

3 Interactive Custom Transition with a Shared Element

- **You** provide the transition **animation**
- **You** provide the transition **interaction**

Custom Transitions

3 Interactive Custom Transition with a Shared Element

- **You** provide the transition **animation**
- **You** provide the transition **interaction**
- **You** provide the transition's **shared element**

Custom Transitions

3 Interactive Custom Transition with a Shared Element

- **You** provide the transition **animation**
- **You** provide the transition **interaction**
- **You** provide the transition's **shared element**

The **shared element** is moved interactively between the `fromView` and `toView` in a transition.
